

Standard File Holiday Processing

Pershing follows the holiday schedule of the New York Stock Exchange® (NYSE®), and will not run batch processing on the dates below in 2019:

January 1	Tuesday	New Year's Day
January 21	Monday	Martin Luther King Jr. Day
February 18	Monday	Presidents' Day
*April 19	Friday	Good Friday <i>Exchange only holiday; see below</i>
May 27	Monday	Memorial Day
July 4	Thursday	Independence Day
September 2	Monday	Labor Day
November 28	Thursday	Thanksgiving Day
December 25	Wednesday	Christmas Day

Standard Files, aside from those discussed in the **Exceptions Processing** portion of this notice, will NOT run on any of the above dates or be delivered on those evenings/following mornings.

This notification discusses Standard Files published on our website <https://standardfiles.pershing.com/home> at the time of this mailing.

Monday Holiday

On Monday holidays, files normally delivered Friday night into Saturday morning for the Friday business will be delivered as normal. However some files containing Friday data normally delivered on Monday morning will instead be sent on Tuesday morning including:

FILE(s) FORM NAME	FILE DESCRIPTIVE NAME
ACA2	Transfers
ASPC, ASPO, ASPF	Subscription Product Files
CBRO	Cost Basis Reporting (Omnibus)
EZBR	Easy to Borrow
IMSF	Identification Management
MFDA	Mutual Fund Dealer Agreements
RDM1, RDM2	Receive and Deliver Master Files

Other files for similar business tend to behave similarly.

Friday Holiday

On Friday holidays, any files scheduled to run or refresh on Friday will be sent instead with the batch cycle that is run on the preceding Thursday.

Because Thursdays that precede holiday Fridays are treated as a Friday, files that would normally deliver Friday data on Monday AM, will deliver their Thursday data on Monday AM, not Friday AM. This applies to:

FILE(s) FORM NAME	FILE DESCRIPTIVE NAME
ACA2	Transfers
ASPC, ASPO, ASPF	Subscription Product Files
CBRO	Cost Basis Reporting (Omnibus)
EZBR	Easy to Borrow
LADV	Loan Advance
MFDA	Mutual Fund Dealer Agreements
RDM1 and RDM2	Receive and Deliver Master Files

Other files for similar business tend to behave similarly.

Also, due to external job dependencies, the receipt of some standard files is delayed on Friday holidays. Therefore, certain standard files from Thursday's batch process will not be delivered until Saturday morning including:

FILE(s) FORM NAME	FILE DESCRIPTIVE NAME
BWTL	Bondworks Account Tax Lots
DVRE	Equity Dividend Reinvestment Election
PTD1, PTD2, PTD3, PTD6	PCAS Files
RMIN	Required Minimum Distribution

Other files for similar business tend to behave similarly.

***Exchange ONLY Holidays**

Friday, April 19th the banks are open while the NYSE® is closed, so any bank activity that occurs on April 19th will appear in the files sent out with the batch run on the following business day, April 22nd.

This affects banking files such as:

FILE(s) FORM NAME	FILE DESCRIPTIVE NAME
ACTB, ACTV	ACAM Activity Files
CKFF	Check and Federal Fund Wires
FUNB, FUND, FUNO	Fund Balance Files
PSWF	Projection of Systematic Withdrawal
SWFF	Swift Federal Funds Messages

Other files for similar business tend to behave similarly.

Bank ONLY Holidays

On the following days, the banks will be closed while the NYSE® remains open:

October 14	Monday	Columbus Day
November 11	Monday	Veterans' Day

Therefore, banking related files will contain only headers and trailers or will not run on these days as noted. Please process accordingly.

FILE(s) FORM NAME	FILE DESCRIPTIVE NAME	DELIVERY TO EXPECT
ACTB, ACTV	ACAM Activity Files	Header/Trailer only
ASPC	Subscription Products Commissions	Header/Trailer only
BAAM	Bank Activity AM	Header/Trailer only
GAC1	Global Bookkeeping Activity – Bank Custody	Header/Trailer only
POT1	Portfolio Open Tax Lots – Bank Custody	No file delivered
PSWF	Projection of Systematic Withdrawal	Header/Trailer only
PTL1	Portfolio Tax Lot Dispositions – Bank Custody	No file delivered

Other files for similar business tend to behave similarly.

Additionally, the Fund and Bank Custody Balance files will go out on these dates with the same data from their previous batch run.

FILE(s) FORM NAME	FILE DESCRIPTIVE NAME
FUNB, FUND, FUNO	Fund Balance Files
GMN1	Global Moneyline – Bank Custody

Other files for similar business tend to behave similarly.

Also note that trades do not settle on bank holidays, and there are no sweeps, check deposits or disbursements, Federal Fund wires processing or other banking related activities on these days. As a result, many standard files will be considerably smaller on such days.

Settlement transactions will occur on the next regular banking business day.

EXCEPTIONS PROCESSING

In the past, it was especially important to note the **RUN DATE** in the header of files that ran when the NYSE was closed since the **DATE OF DATA** was not updated in the file header/trailer or used in the file name when Pershing batch was not run/on days the NYSE® was closed.

But starting in 2019 we will address this in most files, so even on days the NYSE is closed, they will:

a. Display the correct **DATE OF DATA** in their header and trailer records, position 47.

b. Use the Correct **DATE OF DATA** in cases “*date name*” convention is used.

This applies to files transmitted via:

- InfoDirectFTP
- infoDirect (new)
- FTP *ONLY in cases that use the date name convention*

EXCEPTION TABLE:

<u>FILE(s) FORM NAME</u>	<u>FILE DESCRIPTIVE NAME</u>	<u>EXCEPTION</u>	<u>DELIVERY TO EXPECT</u>
