**FILE LAYOUT FOR: FUNDS U ACCUMULATED PRODUCT LEVEL  
FINANCING DETAIL AUDIT REPORT**

## GENERAL INFORMATION

File Frequency: Daily  
Record Size: 250 characters  
Form Name: PLFN

---

## DESCRIPTION

The Funds Utilization Accumulated Product Level Financing Detail Audit Report file (PLFN) is created daily and accumulates from the stated beginning date of the month through the end and restarts at the beginning of a new month. The file displays the financing rates and is sorted by lowest financing rate within CUSIP. It represents the information found in the FUN049D1 report.

Record A contains detail records at the security level, differentiated by CUSIP, and the B Record displays the totals for each day. There will be multiple A Records and one B Record for each day.

This file contains header and trailer records that confirm the beginning and end of the file, the date it was created, and the file's total number of records.

The PLFN file can be configured only on the IBD level.

The symbol "**B**" is used on our standard files to represent spaces.
